

DONIC®

SWEDEN CLASSIC Technology:

The guarantee that you always get exactly the same blade with which you have successfully played for years already.

We are a bit proud yet that such an experienced table tennis player like Mikael Appelgren sticks to its brand also regarding product maintenance and further development. Everybody who knows Appel is aware that he puts all his valuable experience into this task.

Mikael Appelgren cares for the classic product line of DONIC whose outstanding quality many

table tennis players world-wide are used to over decades already.

A guarantee that the quality of the playing characteristics is continuously been checked and the guarantee that you always get exactly the same blade you have successfully been playing with for years already, that's what Mikael Appelgren cares for at DONIC.
